---

<b>Front-End Development Intern</b> <i>All Safe</i>	<b>May 2025 - Present</b> <i>on site</i>
<ul style="list-style-type: none"><li>Developed and maintained responsive web applications using React.js</li><li>Implemented new features and UI components following design specifications</li><li>Optimized application performance, reducing load times by 30%</li><li>Collaborated with backend developers to integrate RESTful APIs</li><li>Participated in code reviews and team Agile ceremonies</li><li>Worked with senior developers to implement responsive designs</li><li>Fixed UI bugs and improved accessibility across multiple projects</li></ul>	

## Projects

---

- **Egy-Railway** (React.js, TailwindCSS, Supabase, React-Query, MUI) - Built a modern train booking app designed for Egypt railways, making it easy to search, book, and manage train trips. It features a user-friendly interface, real-time train schedules. ([Live Demo](#)) ([GitHub Repo](#))
- **The Wild Oasis** (React.js, Styled-Components, Supabase, recharts, React-Query) - Developed a modern hotel management app, making it easy for hotel staff to manage cabins, reservations, and add other staff members. It features a user-friendly interface, real-time data updates. ([Live Demo](#)) ([GitHub Repo](#))
- **Foodie** (HTML, CSS, SCSS, JavaScript, Parcel, RESTful APIs) - Developed a responsive recipe app, allowing users to search, and bookmark recipes. Integrated a dynamic API to display recipe details, including ingredients and cooking instructions. ([Live Demo](#)) ([GitHub Repo](#))
- **Natours** (HTML, SCSS, JavaScript) - A responsive landing page using HTML, CSS, and SCSS. Utilized modular Sass for maintainable and reusable styling. Focused on creating a visually appealing layout with smooth animations and cross-browser compatibility. ([Live Demo](#)) ([GitHub Repo](#))

## Technical Skills

---
