Summary

Enthusiastic Junior Front-End Developer with 3+ months of professional experience, specializing in React and Next.js. Passionate about building responsive, user-friendly web applications with modern JavaScript frameworks. Quick learner with strong problem-solving skills and attention to detail.

Education

Bachelor of Computer Science and Information Systems 2025
Culture and Science City - O6U 6 October City

Professional Experience

Front-End Development Intern May 2025 - Present
All Safe on site

- Developed and maintained responsive web applications using React.js
- Implemented new features and UI components following design specifications
- Optimized application performance, reducing load times by 30%
- Collaborated with backend developers to integrate RESTful APIs
- Participated in code reviews and team Agile ceremonies
- Worked with senior developers to implement responsive designs
- Fixed UI bugs and improved accessibility across multiple projects

Projects

- Egy-Railway** (React.js, TailwindCSS, Supabase, React-Query, MUI) - Built a modern train booking app designed for Egypt railways, making it easy to search, book, and manage train trips. It features a user-friendly interface, real-time train schedules.(Live Demo) (GitHub Repo)
- The Wild Oasis** (React.js, Styled-Components, Supabase, recharts, React-Query) - Developed a modern hotel management app, making it easy for hotel staff to manage cabins, reservations, and add other staff members. It features a user-friendly interface, real-time data updates.(Live Demo) (GitHub Repo)
- Foodie** (HTML, CSS, SCSS, JavaScript, Parcel, RESTful APIs) - Developed a responsive recipe app, allowing users to search, and bookmark recipes. Integrated a dynamic API to display recipe details, including ingredients and cooking instructions. (Live Demo) (GitHub Repo)
- Natours** (HTML, SCSS, JavaScript) - A responsive landing page using HTML, CSS, and SCSS. Utilized modular Sass for maintainable and reusable styling. Focused on creating a visually appealing layout with smooth animations and cross-browser compatibility.(Live Demo) (GitHub Repo)

Technical Skills

- Front-End:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, CSS Modules, Styled-Components, Tailwind CSS, Sass
- State Management:** Redux-Toolkit, Context API, Zustand
- Version Control:** Git, GitHub
- Animations:** motion (ex framer-motion), GSAP
- Build Tools:** Vite, Webpack
- Testing:** Jest, React Testing Library
- UI/UX:** Responsive Design, Figma
- Back-End:** Supabase

- **Other Tools:** RESTful APIs, react-hook-form, formik, yup, MUI, VSCode, VIM

Languages

- **Arabic:** Native
- **English:** Proficient
